

6516207365.txt

I pay my subscription to XM radio to listen to the content I want - and when I want it. The quality is superior and I can have the same stations as I travel acrossed the country. I like this, and because I like it I PAY FOR IT.

The NAB should NOT be dictating what I can hear - and where I can hear it. Please, reject petition 04-160.
